

Table 5: Distribution of Net Revenue as Between the Agency (A), Institution (In) or Industry (Id)

' 2001 Bereskin & Parr

Agency	Patents	Know How	Software	Other Copyright
(a) Provincial:				
Ministry of Education & Training	Follow Institutional Policies	same as patents	same as patents	same as patents
Ministry of Health	Follow Institutional Policies	same as patents	same as patents	same as patents
Ontario Centres of Excellence (OCE)	As of Jan. 1/98 2/3 U/ 1/3OCE	same as patents	same as patents	
R&D challenge Fund	1/3A;1/3In;1/3Id	same as patents	same as patents	same as patents
(b) Federal:				
Medical Research Council (MRC) now the Canadian Institutes of Health Research (CIHR)	Follow Institutional Policies	same as patents	same as patents	same as patents
National Research Council (NRC)	Case-by-case	case-by-case	case-by-case	case-by-case
Natural Science & Engineering Research Council (NSERC)	Follow Institutional Policies	same as patents	same as patents	same as patents
Federally Funded Networks of Centres of Excellence (NCE)	Sharing of benefit between the partners is commensurate with their contribution and the cost of protecting the IP. NCE funds can be used toward the commercialization of the IP provided that the parties who will benefit from it contribute 50% of cost. Should be stated in the Network's Agreement.	same as patents	same as patents	same as patents

*Research grants rarely require the assignment of IP to the funding agency. However, contracts frequently do.
