Celebrating Diversity Throughout the Year

We hold internal D&I events such as our Mental Health & Awareness Week and host activities surrounding Black History Month and Pride, among many others, throughout the year. We continued to roll out our many annual D&I initiatives after the pandemic struck, mindful that our initiatives were all the more important with the isolation that could have otherwise arisen with the work-from-home mandate:

- Black History Month
- Lunar New Year
- International Women’s Day
- International Day of Pink
- International Day of La Francophonie
- World Diversity Day – an event where all members of the firm to display dishes that represent their cultural backgrounds to raise awareness about the importance of intercultural dialogue, diversity and inclusion
- Pride Events and Celebrations – in 2020, we hosted a virtual LGBTQ2S+ music trivia event with other law firms, in addition to our own internal event
- National Indigenous Peoples Day
- Saint-Jean-Baptiste Day
- Person’s Day
- Louis Riel Day
